

Hedgehog Newsletter w/c 12.10.26

This week's learning. Our story of the week is
The Bear and the seed by Poonam Mistry.

This week we be
experimenting how
to mix colours using
primary colours.

In art we will be
exploring patterns and
fine line colouring using
the illustrations in our
book as inspiration.

We will be exploring our
handwriting patterns
and letters using
sensory materials to
continue to develop our
fine motor skills and
embed our learning.

In phonics we are
building our
confidence with
blending our sounds
and continuing to
learn new sounds each
day. This week we will
learn h, l, r and sh.

In RE we will be
discussing belonging.
What does it mean to
belong? We will explore
the story of the Lost
Sheep.

In Maths we will be continuing to
strengthen our subitising skills and our
comparisons of quantities and numbers
through hands on provision, particularly
in construction.

We are continuing to
learn our Autumn poem
called Autumn is here.

Through this story we will
consolidate our
understanding about the
temperatures changing
during the seasons and how
this affects the world
around us.

Important information

Autumn walk

Our local autumn walk will take place on Tuesday afternoon and we are really looking forward to it. A letter was sent via MCAS with further details. Please make sure your child brings in a pair of wellies or other suitable outside shoes in case it is muddy.

Parents evening

Parents Evening is this Tuesday
13th October 3:30 - 6pm.

These appointments are for parents/carers of Reception children only and have been sent via MCAS.

The book fair and refreshments will be running in the hall alongside the appointments.

Nursery parents/carers - a date will be arranged after half term and details will be sent out nearer the time.

Packed lunches

As a Healthy Eating School, we encourage children to bring a balanced lunch to support their wellbeing and learning throughout the day. A gentle reminder that any small fruits or vegetables, such as grapes and cherry tomatoes, should be cut lengthways into quarters before being brought to school, in line with the Department for Education's Early Years food safety guidance.

Thank you for your continued support in helping us to keep all children safe and healthy.
